PLEASE READ THIS IMPORTANT NOTICE AND DISCLAIMER:

Insperity charges a service fee for its personnel management services, as set forth and described in your Client Service Agreement (CSA). This Medical Allocation

Report (Report) provides additional information concerning the portion of your service fee that relates to the allocation for medical coverage (and the component employee/client

payments that make up such allocation). Insperity provides this information to you as a co-employer and in connection with Insperity's administration and operation of its employee benefits plans.

Insperity's benefits plans are available only as a component of Insperity's personnel management services and only to eligible employees. Because the depicted medical allocation is derived from

Insperity's internal allocation of its service fee, this allocation is not an insurance premium or rate and may not correspond to Insperity's actual cost for medical coverage. COBRA rates

for continuation coverage may vary significantly from the allocation reflected in this Report as COBRA rates are determined by the insurer based on the total cost of coverage. This Report is not intended

to be used by you for any purpose other than to provide you with additional information concerning the portion of your service fee that is allocated to medical coverage (and the component

employee/client payments that make up such allocation). Insperity provides no warranties with respect to this Report, and it expressly disclaims that the information contained in this Report is fit for any

other particular purpose.

This Report contains Insperity's confidential and proprietary information and trade secrets. You have agreed to maintain this Report in confidence and have agreed that you will not provide it or any

information concerning your medical allocations to any third party. This Notice and Disclaimer is incorporated by reference into your CSA.
